PVC-CLIP-200 **PLATE SET** for PVC door strip 200 mm long

PVC-CLIP-300 **PLATE SET** for PVC door strip 300 mm long

PVC-RAIL **HANGING RAIL** 1 m long

FEATURES

- These door strips are made of flexible transparent PVC and are for example perfect to use as strip curtains to provide insulation and retain heat in buildings or rooms where frequent access is required by pedestrians, fork lift trucks etc.
- Applications include shop and factory partitions, protection of machinery, doorways to cold-rooms etc.
- Transparent crystal green finish.
- Strips are UV resistant and remain flexible at low temperatures.
- Rounded edges ensure no risk of injury or cuts to personnel.
- Temperature: -40°C to +50°C
- Hardness: 65 ShA.
- Tolerances: Thickness: +0 mm / -0,3 mm
Width: +0 mm / -5 mm
Length: +1% to +2%
Weight: ± 5%
- Hanging rails are made from stainless steel profile with preformed suspension hooks to receive the plate sets and are suitable for mounting within or in front of doorways.
- Plate sets are stainless steel clamps which can fit the hanging rail suspension hooks or can be mounted directly. They are the same width as one strip and the strips are mounted with rivets or screws (not included).
- Weight: 0,48 kg/m for PVC-200 and 1,10 kg/m for PVC-300.
