

TSWM & TSPM-35 (/EXT) Thermostat

TSWM-35

TSWM-35/EXT

TSPM-35/EXT

ITE presents a series of thermostats panel or wall mounted, with or without capillary.

Features:

- Fully encased adjustable thermostat.
- Easy to operate and to install.
- Can be used for heating or cooling applications.
- Particularly suitable for automatic adjustment of refrigeration equipment.
- Liquid filled sensing bulb: ambient or remote depending the reference.
- If applicable: capillary length: 1,7 m.
- Panel or wall mounting.

Specifications:

- Temperature range: -35°C to $+35^{\circ}\text{C}$.
- Max. allowable temperature: $+60^{\circ}\text{C}$.
- Accuracy: $\pm 3^{\circ}\text{C}$.
- Differential: 1 till $3,5^{\circ}\text{C}$.
- SPDT switch: 16 A (8 A); 250 V AC.
- CE approved.
